## Web Projects

- Women Hygine**  
<https://women-hygine.netlify.app/>

I am a dedicated and passionate web developer with expertise in creating an informative and user-friendly website focused on women's hygiene. My goal is to provide a platform that empowers women with essential knowledge and resources to maintain their health and well-being.

Skills using: HTML, CSS, BOOTSTRAP

- **Online Medical Service**

<https://healthcarewebsitee.netlify.app/>

I designed and managed an Online Medical Services website, serving as a vital platform for healthcare access. The site seamlessly connects users with certified medical professionals through telemedicine, offering consultations, prescriptions, and health information. Its user-friendly interface allows patients to schedule appointments, access medical records, and receive personalized recommendations

. Skills using: HTML, CSS, BOOTSTRAP

- **Dental clinic**

<https://dental-clinicc-websitee.netlify.app/>

Create a professional dental clinic website to showcase your expertise and services. Highlight your qualifications, including degrees and certifications, alongside patient testimonials to build trust. Use high-quality images of your state-of-the-art facilities and a friendly team. Provide essential information such as location, contact details, and office hours. Implement user-friendly navigation for easy appointment scheduling and access to informative articles on oral health.

Skills using: HTML, CSS, BOOTSTRAP
